To the Public:

Our New Year's Resolution is to continue giving the smoker the best tobacco obtainable in LaVendor Cigars. Cigar smokers have always noticed an individual taste in LaVendor Cigars, produced by the use of the very best of Genuine Cuban Grown and imported Havana Tobacco. While Genuine Havana Tobacco has been exceedingly high priced we have, through our large advance purchases, been enabled to continue its use in all sizes of LaVendors. With our enlarged sanitary and improved factory, we hope to be

able in the future to produce a sufficient number of LaVendors to meet the growing demand for our product. We solicit particular smokers to try LaVendors, and invite the public to visit our new sanitary factory, located at 271 and 273 Hohman Street, Hammond, Indiana.

Yours truly,

LaVENDOR CIGAR COMPANY
